

COMMODITY CAPITAL INC.

AGRICULTURAL COMMODITIES TRADING PROGRAM (ACTP)

Inception: June 1984

Funds under Management (non-proprietary): \$2.5 million

Minimum Account Size: \$250,000

The ACTP notched another small gain with cotton spreads and a long corn position being the primary contributors. The September USDA stocks report has created considerable uncertainty about the pace of corn demand and this will likely be the key area to monitor over the coming weeks and months.

Inception: April 2009

Funds under Management: CCI is trading one proprietary \$500,000 account and no Client funds.

The fractional gains in the IPTP were due to long corn and wheat positions but some of these gains were offset by our continued length in natural gas.
